Summary

Aspiring **Full Stack Developer** with a strong foundation in Java, JavaScript, C, and hands-on experience in full-stack development using React.js, Node.js, and Spring Boot. Skilled in building real-time applications and writing optimized **SQL queries**. Currently pursuing **MCA** and actively enhancing skills through projects, certifications, and coding practice.

Skills:

Technical skills:

Programming Languages: Java, Python, JavaScript, C

Frameworks & Technologies: Spring Boot, RESTful APIs, React.JS, Node.js, Express.JS, Flask.

Database Management: MySQL, MongoDB

Personal skills: Problem-solving, Team collaboration, Explore new technologies.

Additional skills: Git, Figma, cloud computing, Data Science.

Professional Work Experience:

Web Developer Intern, Codec Technologies.

June 2025 — August 2025

Develop and maintain responsive websites and web applications using HTML5, CSS3, JavaScript, and modern frameworks. Build frontend interfaces using libraries like React.js or Vue.js, ensuring clean design and optimal user experience. Optimize application performance across browsers and devices.

Projects:

KIET E-Bazaar

KIET Group of Institutions, Ghaziabad | 2025–present

KIET E-Bazaar is an online campus marketplace that enables students and faculty to buy, sell, and manage products digitally. It was developed as a mini e-commerce platform with features like product listing, search, cart, and order management.

Technologies Used: HTML, CSS, JavaScript, MongoDB, React.

REAL TIME CHAT APPLICATION

KIET Group of Institutions, Ghaziabad | 2024–2025

A Real-time Chat Application enables instant, bidirectional messaging between users using technologies like React.js, Node.js, Socket.io, and MongoDB for seamless communication and data storage.

Technologies Used: React.js, Node.js, Express.js, MongoDB, RESTful APIs

Team size: 4

Education:

Master of Computer Application (MCA)

KIET Group of Institutions, Ghaziabad

2024 – 2026

Grade: 7.7

Bachelor of Computer Application (BCA)

Narayan College of Science and Arts, Etawah

2020 – 2023

Percentage: 72%

Intermediate

CH. V. S. Bhartiya Balika Inter College, Auraiya

2019 – 2020

Percentage: 76%

Certifications:

Python Certificate – Cisco Networking Academy, 2025

Introduction to Cybersecurity – Cisco Networking Academy, 2025

Core Java Certificate – Smart Programming, 2023

Diploma in Computer Applications (DCA) – Cronic Academy, 2018

Achievements:

Participated in **Inno Tech at KIET Group of Institutions**, showcasing a project titled “**Smart Automation System**” with a functional dummy model, demonstrating real-world application potential and innovation in home automation.
